

Curriculum 4-Year-Old Classroom

Academic Play Based Learning

April-Spring Time!

Literacy

- Practice writing letters
- Practice 3-letter words & simple long **u** words: cube, use, unicorn, etc.
- Practice long **u** sounds through reading and word games

Math

- Practice addition and subtraction using objects or visual aids
- Learn about time: AM vs PM
- Compare **day and night**

Science

- Learn about plants, seeds and farm animals
- Explore how plants grow, roles of water, sunlight and soil
- Simple water experiments, see what happens when plants are watered vs not watered

Geography

- Learn about plants from cold vs hot climates

Activities

- Plant seeds in the preschool garden
- Observe plant growth
- Arts and crafts inspired by plants and fruits (e.g., leaf prints, fruit collages)
